

CALENDULA
"Zen Gold"

Planting Guide:

Color Available: Gold

Flower/Garden Size: 6 - 8 inches (15 - 20cm) tall

Novelty Characteristics: Very compact, bushy and floriferous, bred to bloom under neutral day-length

Market Use: Bedding plant

Plant height: 19 - 24" (50 - 60 cm).

Cultural Recommendations:

Seedling Stage

Stage 1, Germination: Emergence 5 - 7 days / 18-20°C,

Cover lightly / Humidity: 100%

Saturate soil with water.

Stage 2, Cotyledon Visible: 10 - 14 days / 20 - 22°C,

Light level: Medium / Humidity: 90%

Stage 3, First True Leaves: 14 - 21 days / 10 - 21°C

Light level: High / Humidity: 70%

Stage 4, Time for Transplant: 21 - 25 days / 10 - 21°C

Humidity: Low

Finishing/ Flowering Stage

Days to Flower from Transplant: 5 - 6 weeks after transplant

Temperature: 10 - 20°C

Moisture and Light: Keep on the dry side to avoid stretching.

Long days promote faster flowering

Notes:

Crop Schedule: Seedlings: 3 - 4 weeks, Flowering: 5 - 6 weeks
